DEPARTMENT OF HEALTH

Protecting, Maintaining and Improving the Health of All Minnesotans

Hello,

MDH has received your data request for public records during the timeframe 01/01/2023 to 10/14/2026 as follows:

1) Copies of any asbestos project notifications, abatement permits, amendments, inspection findings, contractor information, air-monitoring records, and clearance documentation concerning Maple Hill Apartments.
2) Copies of public inspections, investigations, complaints, referrals, assessments, and test-result records concerning Maple Hills Apartments, 521 Maple Street, Red Wing, including mold/moisture, asbestos, radon, ventilation, indoor-air quality, and health/safety conditions.
3) Copies of public communications with City or County officials, the MPCA, Minnesota Housing, CommonBond Communities, Lloyd Management, Inc., Maple Hills Limited Partnership, or contractors about environmental conditions, renovation, remediation, or resident safety.
4) Copies of any public guidance, findings, enforcement referrals, or recommendations specifically issued or transmitted concerning the property.

Your request has been assigned **ID#26-365**. Your request has been forwarded to the relevant divisions or staff to determine whether the Minnesota Department of Health ("MDH") has data responsive to your request. We will be in touch once we know more to discuss next steps.

Future communications or inquiries about your request should be directed to Health.DataPracticesRequest@state.mn.us. **Please provide us with an email address to contact you.**

Thank you,

MDH Data Practices Team
